

Annual Report 2007

Our donors help us thrive!

“ Morrison’s accomplishments are made possible by the compassionate community of donors and supporters whom we celebrate in this annual report. ”

Dear Supporters and Friends,

I am proud to report that during the past year, Morrison Child and Family Services provided a wide range of mental health services to nearly 6,000 children and their families in the Portland area. In our world, where we help to mend broken lives, that number represents a major accomplishment. I would like to highlight two exemplary programs that indicate Morrison’s stature in the mental health community:

**Morrison is the only organization in the Pacific Northwest to receive recognition from SAMHSA, the federal Substance Abuse and Mental Health Services Administration.** SAMHSA wants to ensure that individuals and families suffering from substance abuse and mental health problems have the very best care that our professions can offer. SAMHSA wants to recognize providers who are offering high-quality, up-to-date, research-based, effective services. We won the Science to Service Award in the Mental Health Promotion category for our implementation of **The Incredible Years**, a prevention and intervention program for preschool children at risk for developing severe behavioral and aggressive problems.

**Morrison, Peninsula Children’s Center and the Hearing & Speech Institute joined together to develop integrated and accessible services for low-income families in North/Northeast Portland.** The goal is to promote healthy, safe, and stable families and prepare children for a successful educational experience by building a multi-disciplinary team of professionals. This team meets a range of children’s and families’ needs – mental and physical health, early childhood care and education, case management,

parent education and support, and child development – in one neighborhood location. This model of comprehensive, integrated family support services targets social determinants of health such as level of education, social isolation, and insecurity/stress. This partnership is supported by the Kaiser Permanente Community Fund at the Northwest

Health Foundation, Maybelle Clark Macdonald Fund, United Way, and Children’s Investment Fund.

Morrison’s accomplishments are made possible by the compassionate community of donors and supporters whom we celebrate in this annual report. Every gift, every volunteer hour, every in-kind contribution is important and valued and contributes to our ability to touch the lives of children. Without you, our ability to improve the lives of Oregon’s most troubled children would be greatly diminished.

I spend much of my time in the community, meeting with our many donors and learning about why you support Morrison. I’ve heard touching stories this year about the impact Morrison has had in your lives and in the lives of people you know. That’s why I love doing this work – I get to be so close to so many miracles.

I sincerely hope you will continue to be a part of the Morrison community for many years to come. The children and families we serve need you.

Thank you.

*Tia Gray Stecher*

Tia Gray Stecher, Chief Executive Officer

# About Morrison

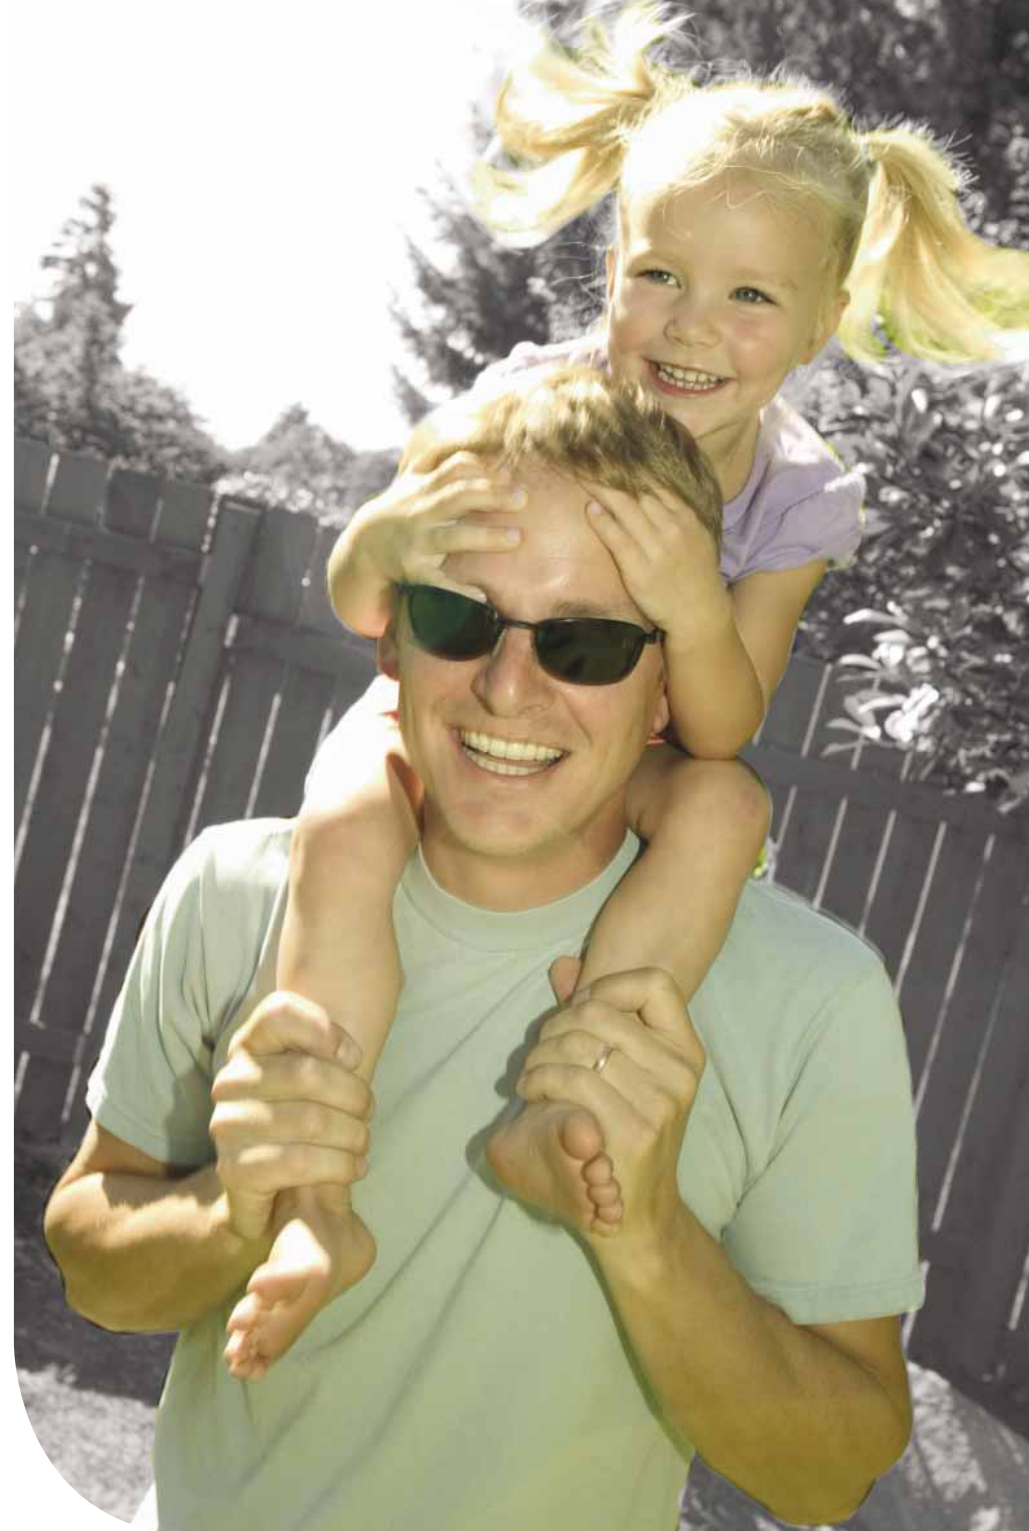

**F**ounded by Dr. Carl Morrison in 1947, Morrison Child and Family Services integrates multiple programs specializing in mental health treatment for approximately 6,000 emotionally disturbed children ages birth to 18. These programs include early intervention, day treatment and proctor care for children 3-6 years of age, residential treatment for teen girls, mental health treatment for children and youth displaying inappropriate sexual behavior, and mental health and substance abuse treatment for teens. The outpatient programs represent the largest segment of the Morrison

continuum of services, providing family counseling, crisis intervention, education, individual treatment and case management services in clinic settings, in the community, and in local schools.

Morrison, the largest provider of mental health services for children in the state, is recognized for a highly effective family-centered outpatient program, which works to strengthen family and community ties, and our internal Program Evaluation department that maximizes the effectiveness of our programs.

*To provide quality comprehensive social, mental health, and educational services that strengthen the family and to establish effective partnerships that promote community responsibility for children and families.*

# Programs

**Early Intervention** – neighborhood-based programs designed to educate parents so they make better child-rearing choices. Programs include Parents Anonymous®, Incredible Years and Listos Para Aprender.

**Hand in Hand Day Treatment** – offers intensive day treatment services and integrated, specialized therapeutic foster care (proctor care) services for preschool children ages 3 to 6 years who have been severely abused and neglected.

**Edgefield Day Treatment** – helps children ages 6 through 12 years with emotional, behavioral, and academic problems.

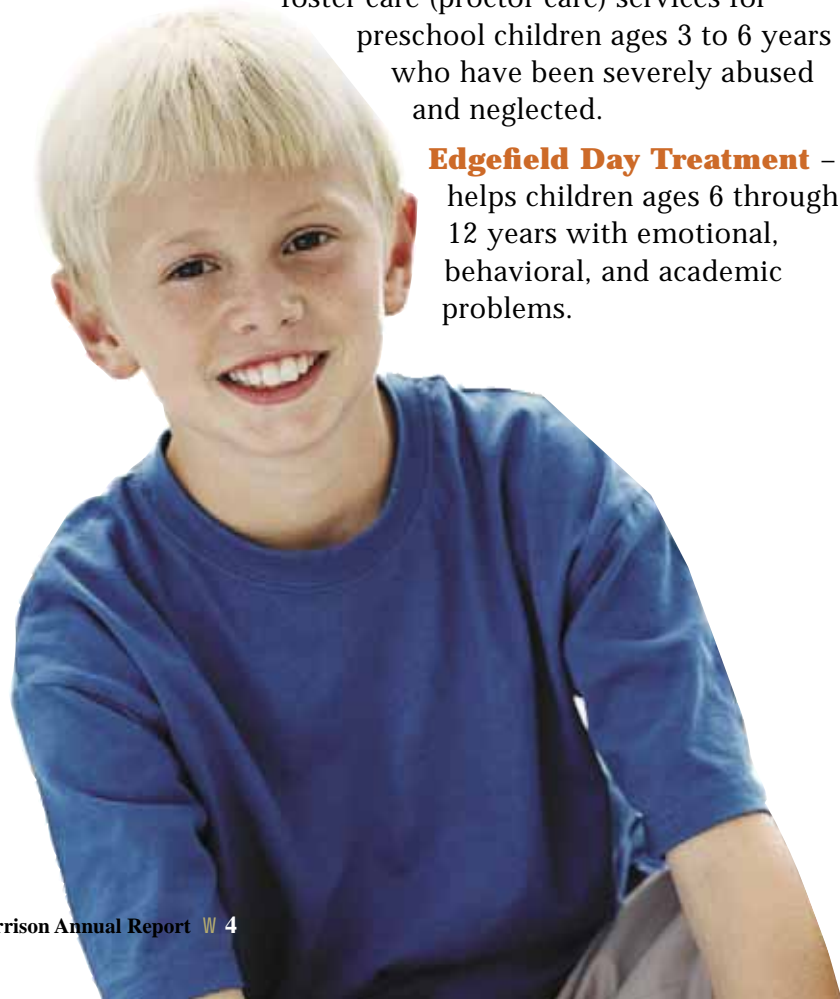

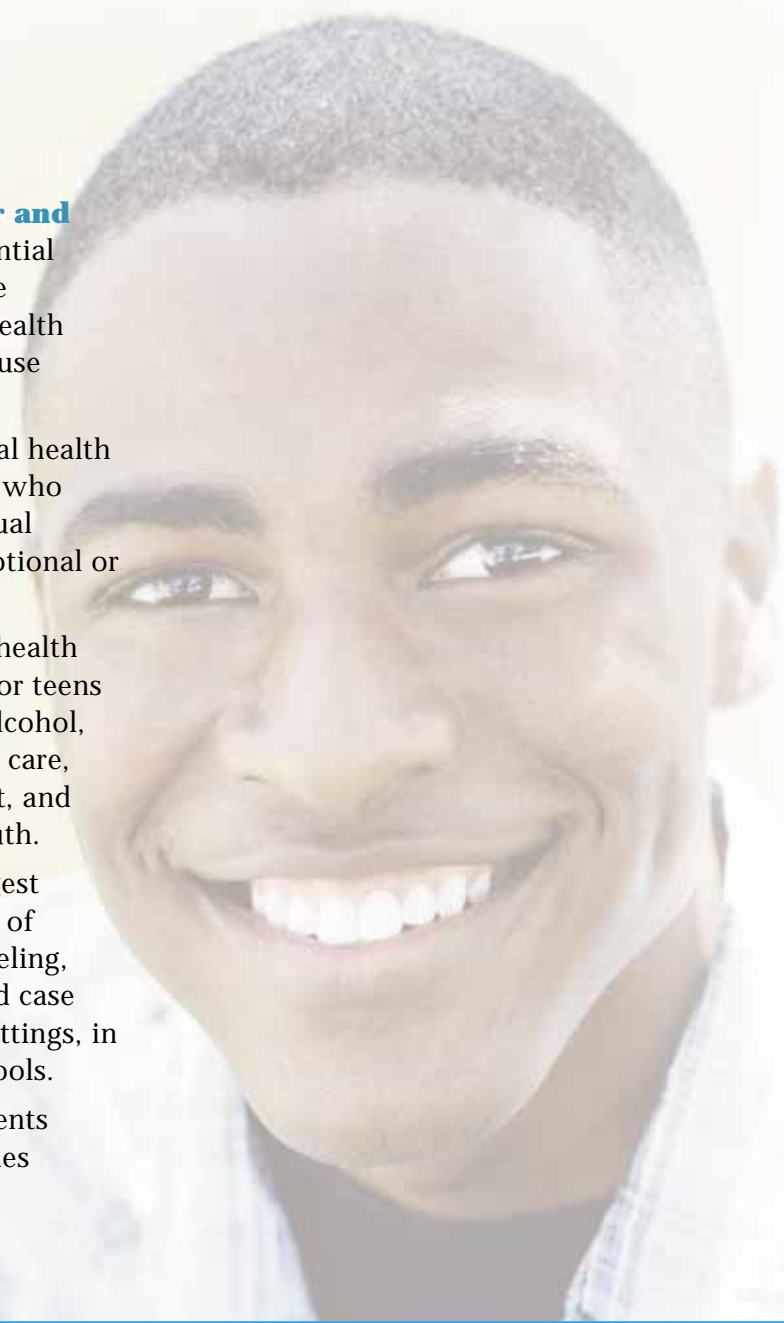

**Rosemont Treatment Center and School** – a 50-bed secure residential facility for teen girls who require intensive treatment for mental health and, in most cases, substance abuse issues.

**Counterpoint** – provides mental health treatment to children and youth who are displaying inappropriate sexual behavior and suffering from emotional or behavioral problems.

**Breakthrough** – offers mental health and substance abuse treatment for teens who are addicted to drugs and alcohol, including day treatment, proctor care, outpatient and case management, and specific treatment for Latino youth.

**Outpatient Services** – the largest segment of Morrison continuum of services, providing family counseling, crisis intervention, education and case management services in clinic settings, in the community, and in local schools.

**Program Evaluation** – documents the results of our programs; guides innovations and improvements.

For more detailed information on our programs and events, please visit our website at [www.morrisonkids.org](http://www.morrisonkids.org).

# Morrison Investors

## Pacific Power Foundation

has supported Morrison for many years. In 2007, the Foundation awarded Morrison \$10,000 to fund a weekly Parent Support Group and parenting training activities under the auspices of Parents Anonymous. These services address the needs of parents who have successfully completed treatment for substance abuse and are now actively parenting their children. This program is essential to their ongoing recovery and ability to provide safe and nurturing environments for their children.

## Compass Circle

*Compass Circle members have made unrestricted gifts of \$1,000 or more in any given fiscal year. Unrestricted means these gifts can be used where the need is greatest, as determined by the Board of Directors.*

## Quantec LLC –

In 2003, Morrison supporter Dr. Roger Moseley introduced his friend Dr. M. Sami Khawaja, president of Quantec LLC, to Morrison. Dr. Khawaja suggested to his employees that they pool their charitable resources and contribute to one organization. All of the employees agreed that they would support Morrison as a company through our Workplace Giving program. The company matches the employees' contributions.

## PCC Structural, Inc –

Chuck Zwick, Corporate Director of Leadership Programs, Precision Castparts Corp., firmly believes that corporations are responsible for supporting the not-for-profit community. The relationship he has developed between PCC Structural and Morrison is a vibrant example of that belief. Since 1996, the company has sponsored *A Children's Tale* and *Cooking for Kids*. PCC Structural has made generous contributions to establish a board-designated reserve fund. And in a unique effort managed by Mr. Zwick, PCC Structural offers three scholarships to Morrison clients.

## Sharing Expertise at National Conferences

Morrison is recognized for our commitment to program evaluation. Last year our program evaluation staff members were invited to make presentations at these national conferences:

- The 16th National Child Abuse and Neglect Conference: “Effectiveness of Day Treatment for Severely Abused and Neglected Young Children.”
- Children’s Array of Psychiatric Programs National Conference. “Girls, Girls, Girls! Using Evaluation to Improve the Treatment of Girls.”
- Research and Training Center on Family Support and Children’s Mental Health Conference. “Increasing Family Engagement: An Organization-Wide Shift” and “Enhancing Outpatient Services for African American Families: Reflections on Process and Program Changes.”

# Ways to Help

**Annual or Monthly Gifts** – Share a generous gift to help Morrison maintain and advance our innovative and effective programs. Easy online giving available at [www.morrisonkids.org](http://www.morrisonkids.org)

**Cooking for Kids Series** – Support Morrison while enjoying the best food and wine in Portland. Join us as a sponsor or guest. Watch the website for details.

**Planned Gifts** – By naming Morrison in your will, donating real estate or making Morrison the beneficiary of a gift annuity, retirement plan, or life insurance policy, you can continue your legacy of support for our community's children.

**Volunteer** – Make a regular time commitment that fits your schedule, or assist on a short term basis within your area of interest.

**In-Kind Gifts** – Donate items such as school and art supplies, books, new clothing and gift certificates or services based on your available resources, such as printing.

For more information, or to let us know how you'd like to help, contact Eileen Trudeau, Development Director, at 503-258-4296 or email [eileen.trudeau@morrisonkids.org](mailto:eileen.trudeau@morrisonkids.org). You can also visit our website at [www.morrisonkids.org](http://www.morrisonkids.org)
