QSP Shows Support at Pride

Morrison Resource Group Extraordinaire

On June 18 and 19, Morrison staff members, including Morrison's Queer Service Providers (QSP) Consultation-Solidarity Group, turned out in full force to celebrate Pride at Tom McCall Waterfront Park. Each year at Pride, QSP members meet with community members, speak with youth and families interested in receiving services through Morrison, and recruit foster parents to increase the number of affirming homes we can provide for our LGBTQ youth. Thank you to all who participated in this historic event. Make a [donation](#) to support our QSP group today!

Program Spotlight

Early Childhood Intensive Outpatient Services (ECIOS)

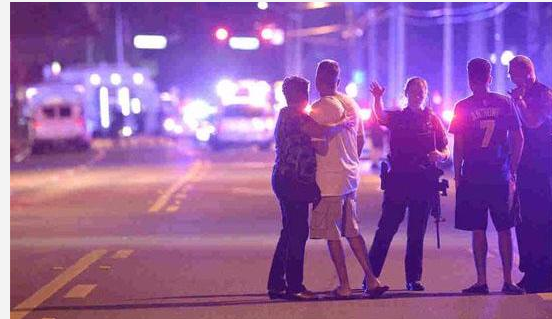

Our Early Childhood Intensive Outpatient Services (ECIOS) are short-term, high intensity services we provide to families with young children, delivered in home- and community-based settings. ECIOS focuses on children, from birth to age 6, who are at risk of losing their biological or foster home, preschool, or child care placement. The primary goal of this program is to partner with families in a way that strengthens families, facilitates access to community support, and helps the family transition to less-intensive outpatient services. For information about this and other Morrison programs, visit our [programs](#) page.

In the Wake of Tragedy

Grief and Anxiety

On Sunday, June 12, a shooter killed 49 and injured 53 people at an LGBTQ club, Pulse, in Orlando, the largest shooting in American history. Our hearts go out to the victims and families of those who were lost in this senseless attack. It's natural to feel a wide range of emotions following such a traumatic event. For ideas about how to cope with these feelings, see [Managing Your Stress in the Aftermath of a Shooting](#) by the American Psychological Association. #Orlando #Wewillneverforget
