

**March 2019**

## *Thank you to the So Hum Foundation*

We are grateful and pleased to announce a major gift from the So Hum Foundation.

Portland business man and philanthropist, Jerry Jones, founded the So Hum Foundation in 1998, with the goal of partnering with "charitable organizations to help uplift and meet the needs of the under served of this planet." Acts of service brought great pleasure to Mr. Jones, who passed away in 2016. Mr. Jones was born and raised in Portland, attended Grant High School and the University of Oregon. Mr. Jones made a name for himself in construction and real estate. Later in life he discovered transcendental meditation and spirituality through his travels and began working closely with several charities.

Morrison has been the recipient of several smaller grants from the So Hum Foundation over the past decade, helping to provide school supplies, clothing and shoes for our families, as well as unrestricted gifts, which have allowed us to put funds toward our greatest needs.

To honor the wishes Jerry Jones upon his death, the Foundation is dissolving, and we are honored to receive a final gift of \$50,000 in unrestricted funds. As Mr. Jones's daughter and So Hum Foundation president, Shannon Jones, shared with us, "Giving through service, my father believed, helps us to evolve spiritually, and so he was happy for the opportunity to give, and was grateful to you for providing an outlet."

We are extremely grateful to So Hum and in return will honor Mr. Jones' memory by helping more kids in greater ways.

*Double your support for the Rotary Youth Center at Morrison, with a simple click!*

[PCC Structural](#), a long-time generous sponsor and supporter of Morrison Child and Family Services, has announced it will help Morrison in yet another way--but we have to do our part!

If we raise \$30,000 from **NEW** contributors by **June 30, 2019**, PCC Structural will match our \$30,000---all in the name of the [Rotary Youth Center at Morrison!](#)

Have you thought about making a donation to Morrison? Now is the time to step up to lend your support. Your donation will make two times the difference for our kids and will help us reach our goal! Make your first-time gift to Morrison by clicking [here](#) and selecting Rotary Youth Center. Tell a friend, spread the word. No gift amount is too small, and every bit helps!

Headquartered in Portland, Oregon, PCC Structural is the world leader in superalloy, aluminum and titanium investment casting. With applications in jet aircraft engines, airframes, industrial gas turbine (IGT) engines, military armaments, medical prosthesis, and many other industrial markets, we provide a wide portfolio of high-quality components, some as large as 100 inches (250cm).

PCC Structural has been contributing generously to Morrison for more than 2 decades, through event sponsorships, endowment gifts, project pledges and general fund support. A special thanks to Eileen Drake, past Morrison Board chair and Board member; Chris Greyerbiehl, former Morrison Board member; and Charles Zwick, long-time supporter who have helped to build PCC Structural's investment in and commitment to Morrison's mission.

*Join the Carl Morrison Legacy Society--  
create your legacy through a planned gift and extend  
you generosity into the future.*

When Dr. Carl Morrison founded Morrison in 1947, he envisioned ground-breaking care for Portland's most vulnerable children. His goal was based on a commitment to the highest professional standards, partnerships with the community and a deep personal conviction that every child should be given the chance to thrive. Seventy-two years later, we continue to uphold Dr. Morrison's ethics and standards as we help more than 8,000 kids and their families annually. We want to continue doing this for another 72 years and we want your investment in our future.

Why should you consider making a legacy gift to Morrison?

- Everyone wants to live their life with meaning; part of a meaningful life is knowing that your memory will live on with your family, friends or organizations that have meant so much to you during your lifetime.
- Making a legacy gift isn't just for those with a large estate, and it's the best way to ensure your wishes are carried out.
- If you love Morrison and want to partner with others to support our kids into the future, please consider joining the [Carl Morrison Legacy Society](#). Help us keep the future shining bright for the most vulnerable.

For more information on how to accomplish your goals and leave a lasting gift for Oregon's youth and families, please contact:
