Rotary Youth Center Updates!

We are thrilled to share with you this preview [video of the Rotary Youth Center at Morrison](#) courtesy of our partner, EMA Architecture!

As a future center for the adolescents in our Day Treatment Programs, and for the greater Morrison community of kids, families and staff, the Rotary Youth Center will provide a safe and welcoming space for activity and treatment, for generations to come.

This project would not be possible without the generous support and partnership of the [Rotary Club of Portland](#), but we have a long way to go to raise the funds to make this dream a reality. We are busy working with foundations, corporate partners and our board, and we'd like to add your support too!

If we raise \$30,000 from **NEW** contributors by **June 30, 2019**, PCC Structural will match our \$30,000, all in the name of the [Rotary Youth Center at Morrison!](#)

Your donation will make two times the difference for our kids and will help us reach our goal! Make your gift to Morrison by clicking [here](#) and selecting Rotary Youth Center for your gift designation. Tell a friend, spread the word. No gift amount is too small, and every bit helps! And thank you, [PCC Structural](#)!

Morrison's unique commitment to Equity & Inclusion

Morrison Child and Family Services aspires to become an anti-racist organization in order to ensure that racial identity does not determine or predict the quality of trauma-informed care a child receives, thereby resulting in equitable outcomes for all clients. Morrison's first strategy in this pursuit was the development of a comprehensive equity policy that details and informs how Morrison will best reflect its commitment to internal and external approaches that will produce outcomes reflective of an anti-racist organization.
