## Morrison's Foster Care in 2019

In 2019, Morrison's foster care programs served 198 youth. Our foster parents open their hearts and

homes to support these youth as they grow, overcome challenges, and transition to their permanent homes. We support our foster parents through training, respite relief, and around-the-clock resources. The support and service they provide those in their care is life changing. We welcome and encourage you to brighten the life of a child or teen by exploring our foster opportunities.
