Restraint and Involuntary Seclusion Report

seclusion more than three times during the reporting period.	
A description of the steps the program has taken to decrease the use of restraint and involuntary seclusion.	TFC/BH-TFC/PCRC: Informed resource families effective 9/1/2021 that physical restraints will no longer be used. Initial and annual NCI training will continue for staff and resource parents. However, the physical restraint portion of the training will not be included. Morrison TFC/BH-TFC/PCRC programs are currently implementing the Attachment, Regulation, and Competency (ARC) model to decrease the use of restraint. Programs do not use seclusion. Programs have reminded resource families to utilize Morrison On-call Support phone line.
Number of incidents in which an individual who placed a child in care in a restraint or involuntary seclusion was not certified or trained in the use of the type of restraint or involuntary seclusion used, including individuals whose certification or training was expired at the time of the restraint or seclusion.	0
