

To Our Valued Referring Partners:

Morrison Child and Family Services provides outpatient mental health services to children, ages birth through 18. The children we serve come to us for a variety of reasons including, but not limited to the following: disruptive behavior, ADHD, depression, anxiety, parent/child conflict, school refusal, and trauma. Our therapists meet with each child and family to better understand the concerns and determine if mental health treatment is the right intervention.

**Services Provided:**

- Comprehensive mental health assessment
- Individual therapy – in-person and/or telehealth
- Family therapy - in-person and/or telehealth
- Parent education groups (depending on availability)
- Parent Child Interaction Therapy (PCIT) for children ages 2-7
- Psychiatric Evaluation and Medication Management – Please note that this is **ONLY** available to clients who are currently seeing a Morrison therapist
